WEATHER SYNOPSIS BY REGION

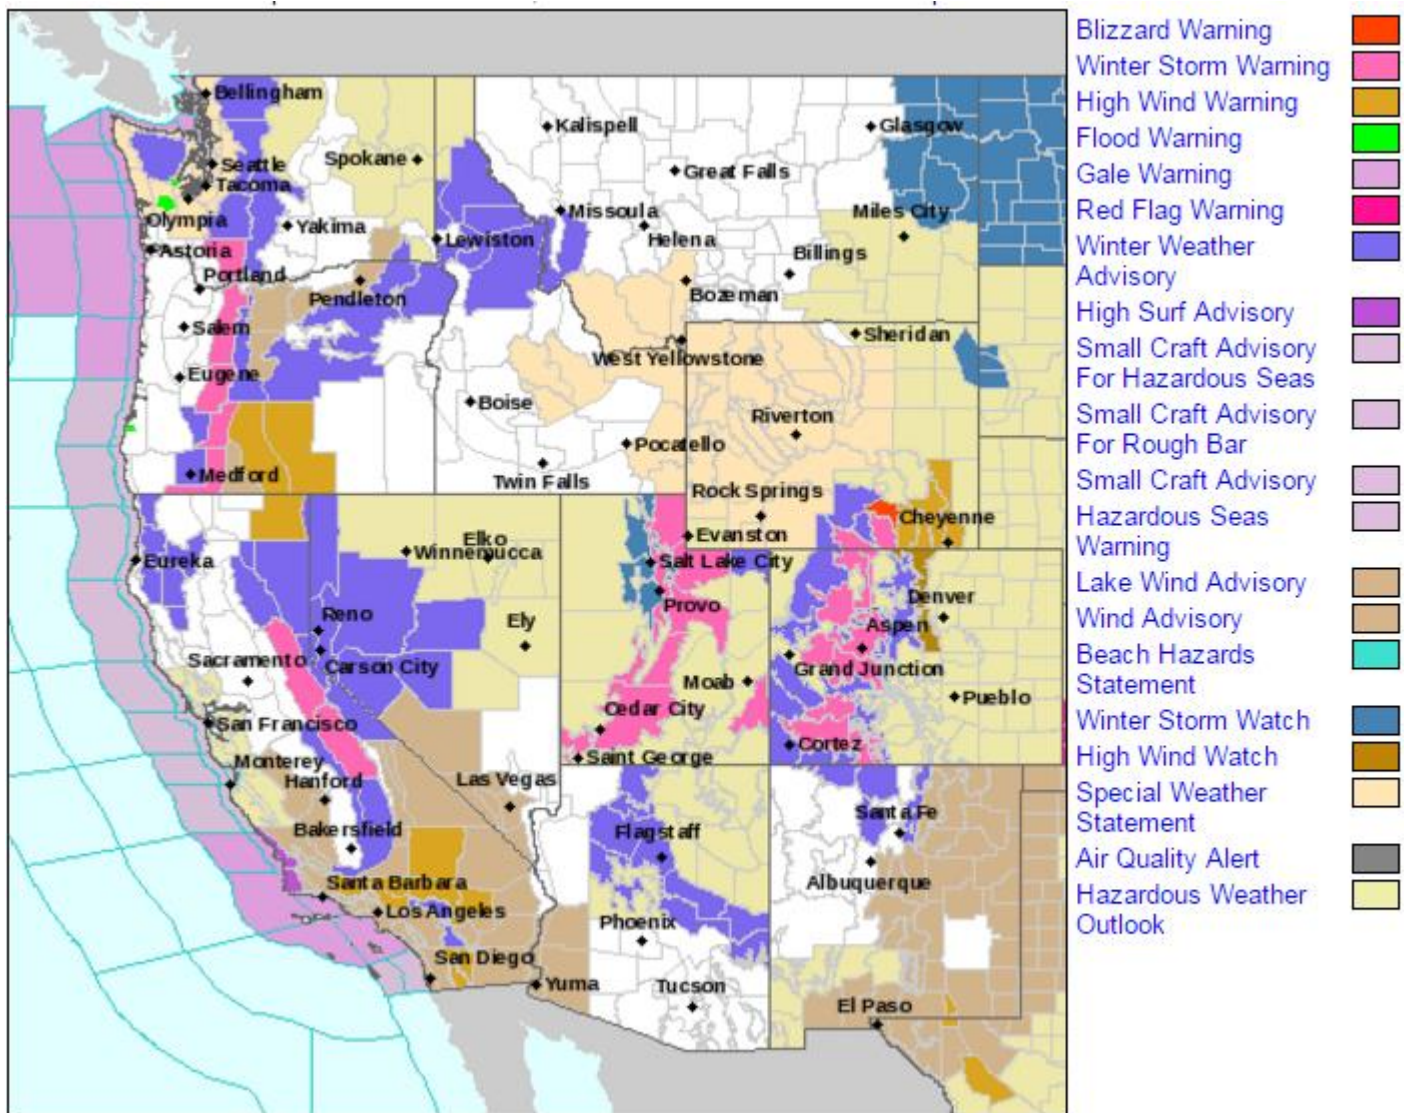

NORTHERN CALIFORNIA

An incoming storm will bring rain to the valley and snow to the Sierra this afternoon. A second system moves into Northern California late tonight into Monday with drier conditions on Tuesday.

SOUTHERN CALIFORNIA

Two quick moving weather systems will bring cooler weather, showers and gusty winds this weekend. The best precipitation chances will be this afternoon. Winds will be rather strong today, with wind local gusts over 65 mph possible along the deserts slopes of the mountains. Drier and cool weather is expected to continue early next week, with the potential for moderate to strong offshore flow late in the week.
